## Carver High School Administrators

## Dedication

**Patricia McCarthy**

For all of the years you have listened and listened, and guided our choices through course selection, agonized with us over college applications, advised us about careers and work, and the many little and big conflicts and decisions in our daily lives, we thank you. Your ready smile and Irish wit will be remembered when we think back on our high school years. We dedicate this yearbook to you in honor of your caring for Carver students.

**Wendy Matheson**

We dressed as gods and goddesses. We became characters from novels and plays in dramatized readings. We learned to form our own opinions by defining who we are with this well-loved and challenging teacher. These are only a few of the many ways Ms. Matheson turned a room of desks into a safe, warm, inviting, and challenging place that made us eager to arrive before the bell. We are stronger and better human beings because of her. Her words and ideas will echo in our future, and her love will be threaded through our meditations. To you, Ms. Matheson, we dedicate this yearbook.

Tiffany,

You are the last and youngest of our daughters to graduate. We want to wish you the best success in the career that you choose. You can be the best of the best academically and never let others tell you you can't be. As you know, success is attained through hard work and dedication; you are proof of that. May life bring you the happiness and joy that you bring others with just a whim of your smile. Congratulations!

Love,  
Mom & Dad

Each of you has had a different journey through the Carver school system. Whether you were in Carver throughout your whole educational career or just joined us recently, you have left your unique mark. You will never be forgotten. Your gifts and talents are as special as you are, and we, your teachers and friends, are glad we were included in on your journey. We wish you all the best in whatever your future brings.

## Stephanie Kumlin

You've always been so special. Your eyes full with wonder; beauty. How did time go by so fast - I can't believe my baby is all grown-up. I am so proud of you and you have taught me so much about life. I can't wait to see where your life leads you. You are my stepha-wefa and one of the four brightest lights in my life.

Go get 'em!

Love Mumma xoxo

## JOLENE ALICIA HARJU

From "Brown Bear, Brown Bear what do you see?" in Kindergarten with Mrs. Sachetti  
To  
Performing Griffes "Poem"

From being afraid of going to the first floor in 4th grade, because all of your friends were going to be on the second floor and some got Mrs. Capwell. From being afraid of the bunny in Mrs. Burr's 4th grade, to making a best friend in Lisa O'Brien.

From being nervous to attend PCC and brave enough to give it a try, that when you got home after 6 weeks there, you insisted you just HAD to go again a second year and were lucky enough to go.

From learning how to properly hold your flute with Mr. Barakat in 4th Grade, to being good enough to be invited to play chamber music after school with Mr. Teunis in 7th, but still not quite confident to play a solo on stage in 8th.

From deciding you weren't going back to South Shore Conservatory for private flute lessons in 9th, because of the first exercise Mr. Zook had you perform with the book, to adding chamber lessons to your private lessons with Mr. Zook in 10th, eventually asking him to speak on your behalf at the National Honor Society Induction in 11th.

From qualifying for last chair at SEMSBA to playing on the stage of Symphony Hall in Boston at the All State Concert with your friend and mentor Sarah Buttermore.

From being not quite confident to play a solo on stage to winning and placing in various Conservatory Competitions, with a portion of one solo on youtube, and auditioning without sheet music in front of judges from the Plymouth Phil performing Griffes "POEM".

Jolene, before our very eyes we've had the joy of watching you grow and prepare to 'commence' from Carver High School. While your commencement may feel like an end, it's really the beginning of your next chapter in life. While academics are a requirement to graduate, talent and passion for music have given you confidence and defined who you are. Don't ever be afraid to be yourself! We are very proud of the wonderful young woman you are and excited for you to begin your next 'phase'!

Always remember how very much we love you ...Mom and Dad.

Bryan, We are so very proud of you, words can't express all you are to us, Congratulations. You have such strength and will to reach out to whatever you want, nothing is beyond your dreams. Remember to always Play, Believe, Love and Live with your whole heart and soul. Thank you for making our life full and blessed. If asked "How Do I", you'll always know the answer.

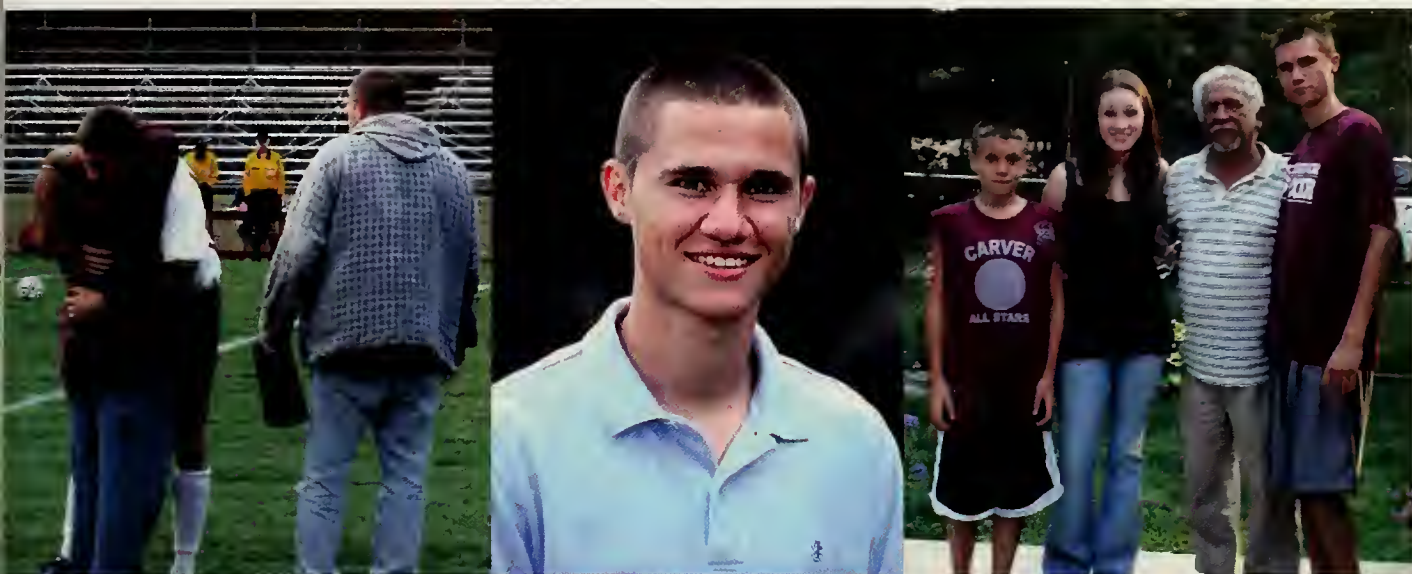

"We hope that the days come easy and the moments pass slow, and each road leads you where you want to go. And if you're faced with a choice and you have to choose, hope you choose the one that means the most to you. And if one door opens to another door closed, hope you keep on walking till you find the window. If it's cold outside, show the world the warmth of your smile. But more than anything, more than anything, our wish for you is that this life becomes all that you want it to. May your dreams stay big and your worries stay small, may you never need to carry more than you can hold. And while you're out there getting where you're getting to, hope you know somebody loves you, and wants the same things too. Hope you never look back, but you never forget, All the ones who love you, in the place you left. Hope you always forgive, and you never regret, and you help somebody every chance you get. May you find God's grace, in every mistake, and you always give more than you take."

This Bryan is Our Wish for You....

May God bless and watch over you always...  
With all of our love,  
Mommy, Daddy, Ashley-Anne and Daniel

Bryan, We want to first thank you for all the special moments that you have shared with your grandparents, for all the love and joy that you have given to us. Do you believe 18 years old and high school graduation is here? You came into this world a tiny 5 1/2 lb. little bundle, now you are 6'2" WOW! You are PaPa's pride and joy, Nana's special love (even if you tease me so). When you were younger, you were adventurous and curious; all the puzzles we found were not a challenge for you. You have accomplished so much in both academics and sports, with your strength and courage, through injury and sheer determination, look at what you have done. We have all enjoyed cheering through all your games (soccer, baseball, basketball) with both pride and elation. Bryan, keep your competitive spirit, the future is full of limitless possibilities for you. We know that you will keep your level head and make a difference in the world. Set your goals high, you can reach them all, we have such confidence in you. Remember your school years with pride in all that you have accomplished, stand tall, be proud, now, your future in college is about to begin. This is another chapter in your life, so much is ahead for you. Words cannot express how proud we all are of the young man you have become and all you have accomplished. Please remember to watch for head butts on the soccer field, baseballs in the air, oh yes, the gym wall and floor! May God bless you and walk with you always. We love you and wish you a wonderful future.

"Nenn",  
We are so proud of you! We wish you much luck and success in  
college and offer you this advice:  
1. Don't be afraid to ask questions  
2. Stay true to who you are  
3. Learn from your mistakes  
4. Stand up for what you believe in  
And always remember the difference between being pretty and  
being beautiful--pretty is temporary but beautiful is eternal. We  
hope your "dreams take you to the corners of your smile, to the  
highest of your hopes, to the windows of your opportunities and to  
the most special places your heart will ever know!"
